A factory for industrial energy storage in Monterrey Mexico

Overview

Why is hoymiles launching a new factory in Mexico?

This factory will be crucial in meeting the region’s growing needs for solar and energy storage solutions,” said Hoymiles CEO Dr. Yang Bo. Hoymiles has officially inaugurated its first overseas manufacturing facility in Monterrey, Mexico, a significant step in its global expansion strategy.

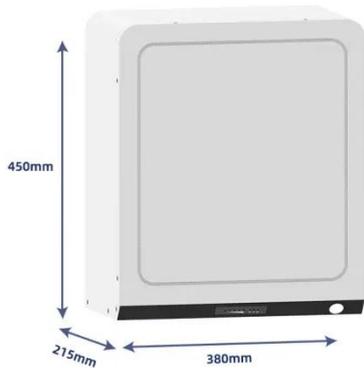

How will the Monterrey facility closure affect EnerSys employees?

Employees affected by the Monterrey facility closure will be provided with severance packages and support to assist in their transition. Additionally, EnerSys will coordinate with suppliers and partners to ensure minimal disruption in order fulfillment and customer support during the restructuring period.

Why is EnerSys rethinking its manufacturing operations?

EnerSys, a global leader in stored energy solutions, has announced a strategic realignment of its manufacturing operations aimed at enhancing efficiency and aligning with the increasing market demand for its proprietary high-performance, maintenance-free battery technologies.
