# Abu Dhabi Outdoor Solar Street Lights

## Overview

---

What is solar street light?

Solar street light is simply an outdoor source of light powered by solar power. It is now becoming the common dependable source for street lighting across the globe due to its unending benefits to consumers.

What are all-in-one solar street lights?

All-in-one solar street lights are the new generation set of solar street lights. It is made with a solar panel bracket design, and cannot carry a solar panel power capacity bigger than 50W. It also has a solar panel installed on the body lamp's top powered by batteries, LED fixtures, and controllers.

Does Dubai have a solar power plant?

Meanwhile, Dubai projects 50% electric generation from renewable sources by 2050. The largest solar power plant in the Middle East is located in Abu Dhabi. This is a 1.2 GW plant that has generated electricity since 2019. There is also another solar power plant project underway that is set to open in Abu Dhabi in the first quarter of 2022.

Why is solar energy growing in the United Arab Emirates?

The collaboration between private entities and the UAE government (specifically the Abu Dhabi National Energy Company) is responsible for this steady growth. There are a variety of suppliers and distributors of solar energy components in the United Arab Emirates.
