

**BLINK SOLAR**

# **Accra lithium energy storage power manufacturer**

## Overview

---

What is Atlantic lithium doing in Ghana?

Atlantic Lithium Limited, based in Australia, is developing Ghana's first lithium mine, the Ewoyaa Project. Producing high-quality spodumene concentrate for lithium-ion batteries, it supports electric vehicles and energy storage. Strategic partnerships enhance its role in the global move toward a carbon-neutral future.

What is the Ewoyaa Lithium Project?

The Ewoyaa Lithium Project is Ghana's first lithium-producing mine and the flagship project of Atlantic Lithium Ltd. It is well located to excellent infrastructure and has proven to produce a spodumene concentrate product suitable for conversion to be used in EV batteries. The project is being advanced to production under an agreement with Piedmont Lithium.

Where is Atlantic lithium based?

It operates through strategic partnerships including a co-development agreement with Piedmont Lithium and holds tenure across Ghana and Côte d'Ivoire. The company is based in Sydney, New South Wales, Australia. Atlantic Lithium's core battery technology centers on producing high-quality spodumene concentrate from the Ewoyaa Lithium Project.

What is Atlantic lithium's key project?

Atlantic Lithium's key project is the Ewoyaa Lithium Project in Ghana, set to be the country's first lithium-producing mine. The project has secured mine operating and environmental permits and expects production by April 2025.
