Acquisition of new energy battery cabinets

Overview

Will neovolta acquire Neubau energy?

SAN DIEGO, Sept. 10, 2025 (GLOBE NEWSWIRE) -- NeoVolta Inc. (NASDAQ: NEOV) has signed a letter of intent to acquire strategic assets of Neubau Energy, positioning the combined entity to capture significant share of the rapidly expanding residential energy storage market while avoiding anticipated 2026 battery import tariffs that could exceed 28%.

What's new at Neubau energy?

Amany Ibrahim, Co-Founder and Chief Strategy Officer of Neubau Energy, said: "We've engineered the first truly modular residential battery system with the highest energy density in its class. In joining forces with NeoVolta, we're improving installation time from 4 hours to under 30 minutes and fundamentally democratizing energy storage.

Does Hitachi energy have a battery storage system integration business?

The battery storage system integration business of Hitachi Energy was also well-experienced with island microgrids, which have been a proving ground for grid-forming applications, the CEO said, making the combination of areas of expertise a suitable one. "I see that happening also in countries like Spain.

Did Hitachi energy buy EKS?

As regular readers of Energy-Storage.news might know, Hitachi Energy bought EKS from US battery energy storage system (BESS) integrator and manufacturer Powin in a deal that closed in late 2023.
