# **Affordable prices for solar module equipment manufactured in Southeast Asia**

## Overview

---

Is PV module manufacturing in Southeast Asia under pressure?

Thanks to new data, this edition includes entries such as ICA Solar and United Renewable Energy (URE), reflecting the evolving landscape of PV manufacturing in the region. Despite strong ambitions, PV module manufacturing in Southeast Asian is currently under pressure.

Will Southeast Asia's Solar PV manufacturing capacity grow in the future?

Southeast Asia's solar PV manufacturing capacity is expected to grow in the future, according to Sinovoltaics, which adds that operational capacities have been significantly reduced or temporarily halted owing to US tariffs. (Photo Credit: Sinovoltaics).

Why is Southeast Asia accelerating solar energy plans?

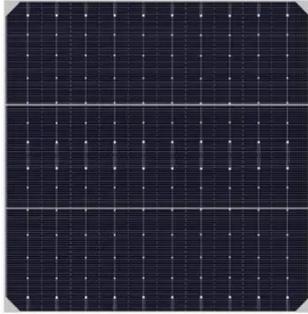

SINGAPORE (Reuters) – Southeast Asia is accelerating plans to harness energy from the sun in coming years as the cost of generating electricity from some solar power projects has become more affordable than gas-fired plants, officials and analysts said.

What's new in the 2025 Southeast Asia Solar supply chain map?

The first 2025 edition of the Southeast Asia Solar Supply Chain Map includes significant revisions and additions, driven by valuable market feedback and the region's evolving geopolitical and industrial dynamics.
