# Africa Energy Storage Project Sites

## Overview

---

Are energy storage boom times extending to Africa?

Boom times for energy storage have extended to the continent of Africa, with a 10-fold increase in installed storage supporting grids and renewable energy penetration.

Does Scatec have a solar-plus-storage site in South Africa?

Scatec's Kenhardt solar-plus-storage site in South Africa (above), which went online at the end of 2023. Image: Scatec. Africa's energy storage market has seen a boom since 2017, having risen from just 31MWh to 1,600MWh in 2024, according to trade body AFSIA Solar's latest report.

What are the most popular solar-plus-storage developments in Africa?

As noted by AFSIA Solar, one of the most notable solar-plus-storage developments in Africa is Norway-based independent power producer (IPP) Scatec's 225MW/1,140MWh Kenhardt project in South Africa. The site started operation in late 2023 (pictured above).

How many GWh of storage projects are being built in Africa?

AFSIA said similar projects have also been launched in Senegal, Malawi, Botswana, Tanzania, Namibia and Mauritius, for a total of 500 MW plus. In total, AFSIA says around 18GWh of storage projects are under development across Africa. Tristan is an Electrical Engineer with experience in consulting and public sector works in plant procurement.

## Africa Energy Storage Project Sites

---

### Africa's largest off-grid solar-plus-storage project comes ...

In Angola, 75.26 MWh of battery storage has begun operating as part of Africa's largest off-grid renewable energy system to date.

---

### 2024 an enormous boom year for energy storage in Africa

Boom times for energy storage have extended to the continent of Africa, with a 10-fold increase in installed storage supporting grids and renewable energy penetration.

---

### Five mega projects set to power Africa's clean energy ...

Africa's clean energy drive rose significantly in 2025. But next year signals a new wave of investment in renewable energy projects across the continent. Here are some to ...

## Africa's Largest Battery Energy Storage Project Red Sands ...

Updated 1st July 2025 - The Red Sands Battery Energy Storage System (BESS), set to be Africa's largest of its kind, has officially reached commercial close. Developed by Globeleq, ...

## 'Energy storage boom' in Africa from 31MWh in 2017 to ...

Africa's energy storage market has boomed since 2017, rising from 31MWh to 1,600MWh in 2024, according to trade body AFSIA Solar.

## Top 5 Largest Energy Storage Projects in Africa

With the energy transition currently underway in Africa, the rapid increase in energy production to meet both demand and emissions reduction targets present a risk in the form of ...

## Visualizing Africa's Battery Storage Pipeline

This visualization highlights Africa's battery storage pipeline, including

projects that are operational, under construction, or in planning.
