Amman is a manufacturer of outdoor power supplies

Overview

Who owns Ammann?

The family-owned company has enjoyed international success since 1869. Hans-Christian Schneider, current Ammann CEO, is the sixth generation to run the business. Much has changed in the 150 years of Ammann history.

What makes Ammann unique?

Ammann has grown with other brands over the years and ultimately evolved into a comprehensive product line that provides complete construction industry solutions. Discover the heritage of Ammann, a leader in the construction industry since 1869, with a commitment to innovation and quality.

When did Ammann start?

In the subsequent years under Ulrich, Ammann transitioned from mill construction to road construction. That included acquiring a patent in 1908 for macadam machines - essentially the asphalt mixing plant of that time - and launching the first motorised Ammann rollers in 1911. Also in 1911, Ulrich's son Arthur joined the family business.
