Atess hybrid inverter factory in Jamaica

Overview

What is a 2-in-1 hybrid inverter?

ATESS's 2-in-1 hybrid inverter combines solar and battery into a single unit, enabling uninterrupted energy conversion and storage.

What is a hybrid inverter?

All-in-one hybrid inverter combines solar and battery into one unit, with powers from 5kW to 150kW, allowing users to harness solar power, store excess energy, and use it during peak demand or outages. The hybrid inverter can be divided into high-frequency type and power-frequency type. What are the differences between them?

.

Is the ATESS hps150 compatible with all types of batteries?

It is not compatible with all types of batteries. Hybrid inverters usually have specific battery voltage ranges (for example, the battery voltage range of the AteSS HPS150 is 352-600V) and communication protocol requirements. When configuring the system, it is necessary to ensure:.

What is the best hybrid inverter for small commercial use?

15-20kW three-phase all-in-one hybrid inverter for small commercial use.
100kW three-phase all-in-one hybrid inverter for medium commercial and industrial applications. With inbuilt ATS and efficiency up to 97.6%, it's designed for lower system cost and higher yields.
