

BLINK SOLAR

Aurora solar inverter factory in Auckland

Overview

Who are NZ solar installers?

Trusted by NZ installers. We supply premium solar panels, inverters, batteries, cables, and mounting systems — all in stock locally for fast delivery. Our global brand partnerships mean proven performance and reliability. Expect sharp pricing, responsive service, and tech you can trust — so your installs are faster, easier, and more profitable.

Who manufactures Aurora inverters?

Power-One Aurora inverters are a brand owned by the ABB group, a Swedish-Swiss multinational corporation headquartered in Zürich, Switzerland. The most common Aurora inverters found in the UK are the Aurora PVI-3.0, PVI-3.6 and PVI-4.2.

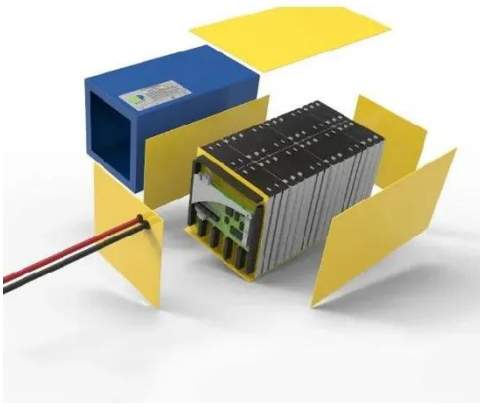

What does Aurora Energy do?

Electricity Authority (ea.govt.nz) Aurora Energy is supporting growing customer demand for solar and encouraging the adoption of renewable energy technologies across our network. We're doing this by being one of the first lines companies in New Zealand to increase our solar export limit from 5 kW to 10 kW. You can read more about this [here](#).

What types of solar inverters are available in NZ?

There are different types of inverter available. This includes inverters that can connect to the electricity grid based on your home's connection. One of the most common types of solar inverter in use in NZ, however, is the hybrid inverter.
