Bahamas Solar Container 120kW Product Warranty

Overview

How long does a solar panel warranty last?

A standard solar panel warranty should come with at least 10 years of protection, though many premium options now offer 25 or even 30+ years of coverage. Most solar panel warranties won't reimburse for labor costs associated with installing new equipment or shipping fees for replacement parts.

Which solar panel warranty is best?

Most solar panel warranties won't reimburse for labor costs associated with installing new equipment or shipping fees for replacement parts. Based on our ranking system, Maxeon has the strongest overall warranty, with Demand Construction and CertainTeed Solar close behind. Why are solar panel warranties important?

.

What is a solar panel product warranty?

Also known as a materials warranty, a solar panel product warranty covers the integrity of the equipment itself. If any of your solar panels have a defect or mechanical issue, if they break or fracture, or experience unreasonable wear and tear, that's when your product warranty comes into play.
