Bahamas solar panels are on top

Overview

Who is Bahamas solar?

At Bahamas Solar we take care of your project from start to finish. Offering full turnkey systems for all residential and commercial operations. Serving all The Bahamas, from Nassau to the out islands. We offer customized solutions tailored to your specific needs. The first step to going solar is a site assessment.

Who supports solar power in the Bahamas?

This goal is supported by the Inter-American Development Bank (IDB) and the Bahamas Development Bank (BDB). Currently, solar power makes up less than 1% of all energy generated in The Bahamas. Oil is responsible for nearly all power generation with a 99% share of electricity production.

How long does a Bahama solar installation take?

Bahama Solar installs: Solar installation is the fun part, our customers get to see the whole system come together. Installation timelines range from one to five days. Installation Steps Monitoring insures your solar panels are working properly by tracking the output of your solar system.

What is the focus of Island Solar?

Island Solar is based in Nassau, Bahamas and is committed to installing safe, high quality, code compliant and long lasting solar electric (photovoltaic) systems in the Bahamas and across the Caribbean.
