Berlin solar container communication station Uninterruptible Power Supply Maintenance Company

Overview

What is an uninterruptible power supply Service (UPS)?

Uninterruptible power supply services, or UPS, plays a critical role in businesses, as a backup power supply is crucial to maintaining your important data. UPS equipment services will ensure that your data, inventory, and equipment are all protected during a power outage.

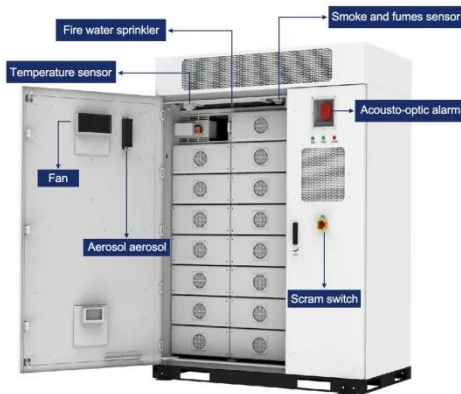

How many UPS & battery systems have been installed in Switzerland?

More than 30'000 UPS and battery systems have been successfully delivered, installed and are in operation at more than 3'000 clients in more than 100 countries. This success is based on traditional Swiss values that focus on technical excellence and quality in all areas of operation. We welcome you to be part of it.

Which tertiary power systems are HTM 06-01 compliant?

HTM 06-01 compliant tertiary power systems able to handle life critical loads in hospital operating theatres, imaging & emergency call centres. Including solutions for edge computing, co-location & facility power infrastructure, Power Control installs reliable and scalable data centre power system solutions.
