Boston Smart Solar Systems

Overview

Who is Boston Solar?

Solar Residential Solar Commercial Solar The Boston Solar Team has delivered customized solar energy solutions to over 6,000 households in New England for the past 13 years. Recently, we have expanded into the commercial market, completing projects for small businesses and even the iconic Fenway Park, home of the Red Sox.

Does Boston Solar install solar?

From financing to design and installation, Boston Solar does it all. Our in-house installers are licensed and certified, meaning you can rest assured that your solar meets the most rigorous standards. Download the Boston Solar complete guide to going solar and get answers to all your questions about solar energy.

What is the smart solar program in Massachusetts?

Under the SMART program, Massachusetts paid Eversource, National Grid, and Unitil customers a fixed rate per kilowatt hour (kWh) of solar energy produced for 10 years. Due to the program's popularity, the available incentive capacity filled up fast.

Is Boston Solar a good solar installation company?

Boston Solar Company has received impressive customer testimonials on its website and exceptional customer feedback ratings on public online forums.
