

**BLINK SOLAR**

# **Bucharest wind energy storage power supply manufacturer**

## Overview

---

Verbund Wind Power Romania, the Romanian subsidiary of leading Austrian energy company Verbund, has selected a consortium comprising Prime Batteries Technology and Enevo Group for the supply and integration of a new Battery Energy Storage System (BESS) with a capacity of 48MW/76MWh. What does Enevo do in Romania?

In Romania, Enevo plays a key role in the development of the renewable energy sector. The company owns and operates several large-scale solar and wind farms, generating clean energy and supporting national goals for reducing carbon emissions and promoting renewable energy sources.

What is Romania's largest battery project?

Leading the development is Nova Power & Gas, part of the Romanian E-Infra Group, which has unveiled plans for the nation's largest battery project to date. The company will build a 400 MWh facility in Florești, Cluj county, which is expected to be operational by the end of 2025.

How is Romania transforming the European energy landscape?

The investment wave, supported by key regulatory changes, is elevating Romania in the European energy landscape. Leading the development is Nova Power & Gas, part of the Romanian E-Infra Group, which has unveiled plans for the nation's largest battery project to date.

How many wind turbines are there in Romania?

This wind project in Baia, Tulcea County, Romania, includes 7 wind turbines, of which 3 have a capacity of 3 MW each and 4 have a capacity of 2 MW each, all produced by Vestas. The total installed capacity is 17 MW. The solar project in Corabia, Olt County, Romania, has an installed capacity of 6 MW and 14 inverters of 500 kW each.

### Document heading in Calibri Light green

The year 2030 also finds Romania with an additional 4GW of energy storage capacities to balance network demand, comprised of 2GW battery storage capacity and ...

50KW modular power converter

**Flexible Configuration**

- Modular Design, Expanding as Required
- Small&Light, Wall Mounted
- Installed in Parallel for Expansion

**Powerful Function**

- Support PV+ESS
- Grid Support, Equipped with SVG Technology
- On-Grid and Off-Grid Operation

**Reliable Protection**

- Outdoor IP55 Design
- Sufficient Protection Functions Equipped
