Budapest mobile solar container battery

Overview

Will Hungary's new battery energy storage system help Green the grid?

The new facility supports a growing push to green Hungary's power grid. Hungary has just switched on its largest battery energy storage system (BESS) to date, stepping up its role in Central Europe's growing grid-scale energy transition.

How much solar power does Hungary have?

State secretary for energy transition of the Energy Ministry Viktor Horvath noted that Hungary had built more than 8,000MW of solar capacity in the past 5-6 years and one-quarter of the electricity generated in the country came from renewable sources last year.

Is Hungary stocking up on battery backup?

Hungary isn't alone in stocking up on battery backup as it charts its green energy path. In neighbouring Bulgaria, a massive 124 MW/496 MWh battery energy storage system went live in Lovech earlier this year.

Who makes battery storage units?

Huawei Technologies is manufacturing the battery storage units and the general contractor for the project is Forest-Vill. The transformer was made by Ganz. The MET Group had consolidated revenue of EUR 17.9bn last year. Hungarian oil and gas company MOL has started the construction of a 20 MW / 40 MWh energy storage in Algyó (South Hungary).
