Cambodia Base Station Battery Factory

Overview

What is solar green energy Cambodia?

Solar Green Energy Cambodia (SOGE) was founded by a group of Cambodian technicians as a Renewable Energy Development Association based in Kampong Thom province in 2008. In 2014, SOGE was officially registered under the Ministry of Commerce. SOGE focuses on creating long-term social, economic, and environmental impact for Cambodia.

What makes Camelion a good battery brand?

Keeping energy in mind, Camelion has always put its customers' needs first and has earned a high reputation based on its superior product quality and performance. As one of the most influential battery brands in the global market, Camelion is now actively operating in over 120 countries and regions in collaboration with its business partners.

Why is there a power shortage in Cambodia?

Cambodia is a tropical country in Southeast Asia with extreme heat waves sweeping across the country during the dry season. This results in the lack of hydropower which causes power shortages in Cambodia. Power shortages during the dry season shortens the lifespan of lead-acid batteries, which may lead to network availability issues.
