## Overview

---

How portable are solar panels for camping?

Solar panel kits for camping are designed for taking away with you wherever you go. That is why many models are foldable, lightweight and thus highly portable. How portable you need it to be does of course depend on your mode of transport – an RV driver can easily carry far more than a hiker or backpacker traveling on foot.

What is the best portable solar power system for camping?

Our best buy portable solar power system for camping is the Jackery 60W panel. This folding solar panel with stand is a great all-rounder. Discover why we've chosen this in the next section. Why buy the Jackery 60W camping solar panel?
