# **Canberra Mobile Energy Storage Container 200kW Procurement Tender**

## Overview

---

What is Australia's biggest energy tender?

Australia's biggest tender delivers 15 GWh of battery energy storage systems, boosting grid reliability and advancing the 2030 renewable target.

What is Australia's CIS tender 8?

Australia's CIS Tender 8 seeks 16GWh of new battery energy storage systems, introducing aggregated projects to boost dispatchable capacity across the NEM.

Why do companies bid for energy storage tenders?

Bidding for energy storage tenders is extremely lucrative for companies of all sizes. Tendering authorities and private companies release thousands of contracts worth millions for procurement of energy storage. Global Tenders stands out as the largest platform dedicated to tenders and government contracts.

Why is Western Australia holding a separate tender?

Western Australia is holding a separate tender due to its independent energy market. All CIS Tender 3 awarded projects offer four hours of energy storage, except for Calala. Marija has years of experience in a news agency environment and writing for print and online publications.
