

BLINK SOLAR

China solar powered generator in Panama

Our Lifepo4 batteries can be connected in parallels and in series for larger capacity and voltage.

Overview

Will a 530 MW solar park be built in Panama?

PowerChina has landed a game-changing contract to build a 530-MW solar park in Panama, paving the way for renewable energy cooperation and sustainable growth in the region. Power Construction Corporation of China (PowerChina) has secured a contract to construct a 530-MW solar park in Panama, awarded by local company Sajalices Energy Co.

Why should Panama partner with powerchina?

Promotion of Technological Advancements: The partnership with PowerChina offers Panama access to advanced solar technologies and expertise. This knowledge transfer can support innovation in local industries and foster a domestic renewable energy market.

How can Panama improve its energy security?

Energy Security: By increasing the share of renewable energy in its energy portfolio, Panama can enhance its energy security, reducing its reliance on imported fossil fuels and insulating itself from price volatility on international energy markets.
