Who is Tu Energy Storage Technology (Shanghai)?

Safe operation and system performance optimization. TU Energy Storage Technology (Shanghai) Co., Ltd., founded in 2017, is a high-tech enterprise specializing in the research and development, production and sales of energy storage battery management systems (BMS) and photovoltaic inverters.

What is the upstream of the electrochemical energy storage industry chain?

The upstream of the electrochemical energy storage industry chain mainly consists of various raw material suppliers, including positive and negative pole materials, electrolytes, battery diaphragms, electronic components, special auxiliary materials, etc.

Who is Xuantu energy storage Tues?

In 2025, TUES obtained official authorization from Victron Energy and became the official authorized agent in the Asia Pacific region. As a strategic partner, Xuantu Energy Storage TUES will provide a complete product matrix and localized engineering technical support for the Asia Pacific market.

Why should you choose dauntu energy storage?

There are many stringent requirements on the security and reliability of BMS, and dauntu energy storage has made full preparations. From core chip selection to system-level architecture, we guarantee the safety and reliability of battery products in an all-round and real-time manner.
