Overview

How many energy storage companies in Germany in 2025?

Detailed info and reviews on 27 top Energy Storage companies and startups in Germany in 2025. Get the latest updates on their products, jobs, funding, investors, founders and more.

What is energy storage?

Energy Storage forms part of the Energy industry, which is the 14th most popular industry and market group. If you're interested in the Energy market, also check out the top Energy & Cleantech, Renewable Energy, Recycling, Oil & Gas or Energy Efficiency companies. We offer an environmentally friendly and inexpensive home energy storage.

What types of energy storage systems are available?

From 10 kWh to 30 MWh outputs, connected to low or high voltage, on-grid or off-grid, in combination with solar, wind, hydro or combined heat and power sources - our broad product portfolio of industrial and commercial energy storage systems covers the full range of applications and can be individually adapted to your requirements.

Are battery storage systems generating revenue?

This has been reported by battery storage provider Tesvolt and its subsidiary Tesvolt Energy. Over several months, the outdoor storage system was tested in ten different customer projects. Those storage systems used exclusively for energy trading are already generating monthly revenues in the four- to five-figure range.
