## Overview

---

Who makes sunstyle® roof tiles?

SunStyle International, a subsidiary of the Akuo Group, is a French co-designer and manufacturer of solar photovoltaic roof tiles. In addition to their roofing function, the SunStyle® tiles combine power generation with a contemporary style to create buildings that meet environmental challenges.

What are solar roof tiles?

Like solar panels, solar roof tiles are designed to capture the energy from the sun that is shining on your roof and turn that energy into a usable power source for your home.

What is solar tile?

Solar tile, which combines solar panels and roof tiles, integrates photovoltaic and architecture. Crystal silicon photovoltaic technology and building tile structure are innovated to eliminate the complex project of secondary installation and replace traditional cement tiles and clay tiles with one-time paving.
