Comprehensive tax rate of solar glass

Overview

The GST rate on solar panels and power-generating systems is 6% when supplied as a composite unit, as per the revised rates effective September 2025. How will the DGTR impose tariffs on solar glass?

The proposal suggests a five-year duty structure, following an investigation launched in February 2023. Unlike traditional tariff measures, the DGTR has introduced a reference rate system to regulate the landed value of solar glass imports. Under this system, authorities will impose duties only when import prices drop below the reference threshold.

How much does solar glass cost?

On the cost of solar glass he said that it varies between \$3-\$10 per square meter based on quality and contributes 5 per cent to 10 per cent to the overall cost of solar module manufacturing. Do you want to seek Eninrac assistance in helping you resolve some critical business issues?

.

Does India impose antidumping duty on solar glass imports from China?

India's Ministry of Finance has imposed an antidumping duty on solar glass imports from China in the range of \$673 to \$677 per metric ton and for imports from Vietnam at \$565 per metric ton.

Why was solar Glass slapped with a duty of \$565 per metric ton?

Solar glass from Vietnam has been slapped with a duty of \$565 per metric ton. The ruling follows DGTR recommendations based on the findings of its anti-dumping investigation. The investigation was initiated on the application of Borosil Renewables Ltd on behalf of the domestic solar glass manufacturing industry.
