Cote d Ivoire solar container communication station Inverter Project

Overview

Why should Côte d'Ivoire invest in a solar power plant?

The solar power plant is regarded as a model project for the expansion of solar energy in Côte d'Ivoire. It is an important contribution to the fight against climate change and a decisive step towards increasing the share of renewable energies in the country's electricity supply to 45% by 2030.

Who will build a solar PV plant in Côte d'Ivoire?

Abidjan, Côte d'Ivoire, August 7th, 2025 – IFC and the Government of Côte d'Ivoire today announced Infinity Power Holding as the winning bidder to design, finance, build, and operate two grid-connected solar PV plants in Côte d'Ivoire.

Where is the first solar power plant in Côte d'Ivoire?

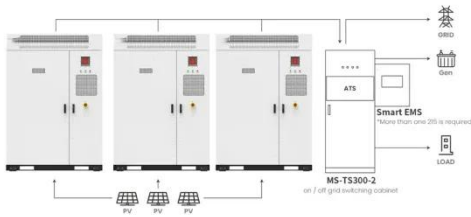

In Boundiali in the north of Côte d'Ivoire, the country's first solar power plant has now been inaugurated by Ivorian Prime Minister Beugré Mambé and German Parliamentary State Secretary Bärbel Kofler. The power plant has already been providing up to 37 megawatts of power since June 2023.

When will a solar power plant open in Côte d'Ivoire?

In the northern region of the Côte d'Ivoire, the first phase of a solar power facility has been officially opened. The Boundiali solar power plant's financing was initially revealed in 2018, and details of its commissioning were made public in December 2022.
