Current prices of major solar modules

Overview

How much does a PV module cost in China?

According to price analysis firm InfoLink: “Since March, the spot price of n-type modules in China has soared from RMB0.7/W to RMB0.73/W. Quotes from leading manufacturers are approaching the RMB0.75/W mark.” The results of the China Datang Group’s 2025-2026 PV module framework. Image: Datang.

How much will PV modules cost in 2025?

On 11 March 2025, the results of the China Datang Group’s 2025-2026 PV module framework purchase tender were announced, with the spot price of n-type modules increasing from RMB0.7/W (US\$0.097/W) to RMB0.73/W (US\$0.1/W), and some modules priced as high as RMB0.75/W (US\$0.11/W).

Why did solar module prices rise in May 2025?

In May 2025, shifting market dynamics saw solar module prices continue to rise, with supply constraints and firm demand putting upward pressure on pricing. In contrast, inverters trended lower, highlighting diverging developments across the PV value chain.

When will BC module prices be added in Europe?

In Europe, the public pricing for BC modules (residential and C&I) will be added from June 2025. InfoLink Consulting provides weekly updates on PV spot prices, covering module price, cell price, wafer price, and polysilicon price. Learn about photovoltaic panel price trends and solar panel costs with our comprehensive market analysis.

Current prices of major solar modules

Solar (photovoltaic) panel prices

Solar (photovoltaic) panel prices What you should know about this indicator IRENA presents solar photovoltaic module prices for a number of different technologies. Here ...

Solar Module Prices 2025: Complete Guide To Current Costs ...

Comprehensive guide to solar module prices in 2025. Current costs, market trends, buying strategies, and price forecasts. Updated with latest data.

PV Index - module prices climb as inverters dip

Prices for modules continued their climb in May on strong demand and limited supply, while inverter prices edged down. The PV Purchasing Managers' Index held firm ...

FOB China solar panel prices climb amid concerns about ...

This marks the first increase in FOB China module prices, following upstream price gains that began in the first week of July amid government intervention.

Solar Market Insight Report Q3 2025

Despite an average annual decrease of 10% in PV modules and inverters, the total utility-scale project system cost rose in Q2 2025 compared to the same quarter last year.

PV spot price

InfoLink Consulting provides weekly updates on PV spot prices, covering module price, cell price, wafer price, and polysilicon price. Learn about photovoltaic panel price trends ...

Solar price index & Solar module price development

PRICE INDEX , October 2025 Photovoltaic Price Index Every month we publish a
