Czech Republic Brno invests in grid-side energy storage project

Overview

How much is Hitachi energy investing in Brno?

Hitachi Energy is investing over 1.1 billion CZK (approximately \$47 million) to expand its high-voltage products factory in Brno, Czech Republic. Image for illustration purposes. Czech Republic, Brno: Hitachi Energy is investing over 1.1 billion CZK (approximately \$47 million) to expand its high-voltage products factory in Brno, Czech Republic.

Will Hitachi energy expand its high-voltage factory in Brno?

Image for illustration purposes. Czech Republic, Brno: Hitachi Energy is investing over 1.1 billion CZK (approximately \$47 million) to expand its high-voltage products factory in Brno, Czech Republic. Set to be completed by the end of 2025, the expansion will increase the factory's production capacity by over 40% and create up to 200 new jobs.

Why is ctpark Brno expanding?

The expansion at CTPark Brno aligns with this trend, enabling Hitachi Energy to scale production efficiently and meet the growing need for clean energy infrastructure. Beyond the initial investment project construction, CTP is planning an adjacent industrial campus at CTPark Brno, aimed at fostering a collaborative and dynamic work environment.

Why is the Czech Republic a hub for industrial expansion?

Industry analysts note that the Czech Republic's strategic location in Central Europe makes it an attractive hub for industrial expansion, particularly in the energy and manufacturing sectors.
