# **Doha solar container telecom station Room Project**

## Overview

---

What is Samsung C&T doing with Qatar's largest solar project?

Samsung C&T secures Qatar's largest solar project, a 2,000MW facility in Dukhan covering 27□ with 2.74 million panels, strengthening its leadership in global renewable energy EPC.

What is Qatar's largest solar power project?

Samsung C&T E&C Group has been awarded the contract for Qatar's largest solar power project, underscoring its growing leadership in renewable energy infrastructure. Commissioned by QatarEnergy, the 2,000MW Dukhan Solar Power Project represents the largest capacity solar facility ever undertaken by a Korean construction company.

How many solar panels does Qatar have?

Spanning 27□—equivalent to 3,790 football fields—the massive site will be fitted with 2.74 million solar panels. Upon completion in 2030, the plant will generate enough electricity to power approximately 750,000 households, even considering Qatar's high per-capita energy use.

Does Samsung C&T E&C have a partnership with qatarenergy?

Leaders from Samsung C&T E&C and QatarEnergy gather to mark the signing of Qatar's largest solar power project "Through our long-standing partnerships and strong track record in Qatar, we have strengthened our leadership in renewable energy EPC," said Seongjoon Kim, Executive Vice President of Samsung C&T's ES Business Division.
