We've put together a side-by-side comparison of the inverters commonly installed in Irish homes. These include both hybrid and string inverters from trusted brands like Huawei, Solis, Duracell, SolarEdge, SMA, Fronius and Enphase.

Are our inverters tested and installed in the UK & Ireland?

All our inverters have been tested and installed in the UK and Ireland to ensure you are guaranteed a high quality product. We have a wide range of three phase inverters available for all types of situations.

What is a solar inverter?

A solar inverter is an integral component of the solar electric power system; it is responsible for inverting energy from direct current (DC) to alternating current (AC). Different types of solar power inverters might be used depending on a solar system's varying requirements. Broadly, there are two kinds of solar inverters:
