EK All Tool Batteries

Overview

Who is ekstrakku battery?

Who we are, what you can gain?

Extrakku Battery Company Limited (EK Battery Brand) was established as a manufacturer and exporter of VRLA battery since 2003. We totally cover an area of around 100,000 square meters, with 11 battery production lines and corresponding testing machines, 2 research and development centers in Jiangsu and Fujian.

Which batteries are compatible with ework 21v series Power Tools?

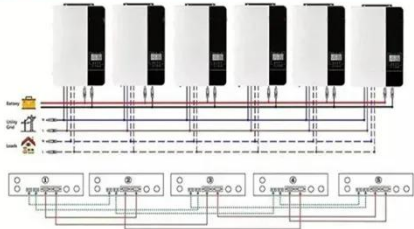

Compatible with all EWORK 21V series power tools. □ EWORK 21V series batteries are equipped with an automatic current control system to avoid capacity attenuation and unnecessary trouble caused by overcurrent or overvoltage. □ EWORK High-energy lithium-ion batteries 6.0Ah have no memory, almost no self-discharge, and less downtime.

Do I need to return my ework 21v battery?

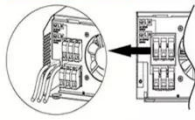

The battery does not need to be returned. □ Compatible with all EWORK 21V series power tools. □ EWORK 21V series batteries are equipped with an automatic current control system to avoid capacity attenuation and unnecessary trouble caused by overcurrent or overvoltage.
