# **EU Smart Solar System Manufacturers**

## Overview

---

Who are Europe's leading solar manufacturers?

In the following section, we provide an overview of 59 leading manufacturers, all of which are contributing significantly to Europe's renewable energy landscape. From established companies such as Primroot.com and HUAWEI to innovative newcomers, these manufacturers represent the cutting edge of solar technology.

How many companies in Europe manufacture solar PV modules?

Today, at least 38 companies are active in Europe manufacturing the equipment and machinery that produces vital steps of the solar PV module supply chain, including cells, ingots, wafers, and polysilicon. EU Clean Industrial Deal: Opportunity for renewables and European manufacturing.

What is the EU solar manufacturing map?

The EU Solar Manufacturing map gives an overview of solar manufacturing companies active along the solar PV chain. On this map, you'll find manufacturers spanning from polysilicon to module as well as the aggregate production capacities for each segment.

How many solar panel manufacturers are there in Europe?

Europe is home to a large number of world-class solar panel manufacturers. In the following section, we provide an overview of 59 leading manufacturers, all of which are contributing significantly to Europe's renewable energy landscape.

## EU Smart Solar System Manufacturers
