# **Egypt New Energy Project Energy Storage BESS**

## Overview

---

A powerful consortium, including Infinity Power and Hassan Allam Utilities Energy Platform, has partnered with Egypt's Ministry of Electricity and the Egyptian Electricity Transmission Company to develop a massive 1.2 GW solar power project, which will be paired with a substantial 720 MWh battery energy storage system (BESS). What is the battery energy storage system (BESS) project?

This vision poses challenges for the grid to be stable and reliable. The objectives of the project are to generate hands-on experience of developing and operating battery energy storage systems (BESS) in the renewable energy-based power system of the future. Two large scale batteries of 0.4 MW/0.1 MWh and 1.2 MW/0.4 MWh will be tested and operated.

Which solar projects are being built in Egypt?

The first project involves a 1 GW solar plant with a 600 MWh BESS in the Benban area. The second project is a 300 MWh BESS at the site of Amea Power's 500 MW Abydos solar array, which is currently under construction. Both projects are in Egypt's Aswan governorate.

Does AMEA power have a solar project in Egypt?

The latest announcements bring Amea Power's total renewables capacity in Egypt to 2 GW of solar and 900 MWh of BESS. The company claims to have projects in 20 countries, with a pipeline above 6 GW and 1.6 GW currently in operation and under or near construction.

Does Scatec have a solar project in Egypt?

In a separate announcement, Norway's Scatec said it had signed a 25-year PPA with Egyptian Electricity Transmission Co. (EETC) for a 1 GW solar and 100 MW/200 MWh battery storage hybrid project in Egypt. "This will be the first hybrid solar and battery project in Egypt," said Scatec CEO Terje Pilskog.

## Egypt New Energy Project Energy Storage BESS

---

### UK's BII backs Egypt's first solar-plus-storage project

British International Investment (BII), UK's development finance institution, is backing Egypt's first utility-scale hybrid solar and battery energy storage (BESS) project. Sherine ...

---

### Scatec Commences Construction of 1.1GW ...

Scatec ASA has officially commenced construction on its 1.1 GW Obelisk Solar PV and BESS project in Egypt. The BESS will have a ...

---

### AMEA Power Achieves Financial Close for ...

Dubai, United Arab Emirates, 16 June 2025 - AMEA Power, one of the fastest-growing renewable energy companies in the region, ...

## Commissioning of landmark BESS in Egypt

Commissioning of the BESS project followed quickly after its achievement of financial close, marking what AMEA says is a major milestone in its growing energy storage ...

## Commissioning of landmark BESS in Egypt

Commissioning of the BESS project followed quickly after its achievement of financial close, marking what AMEA says is a major ...

## Egypt's First Utility-Scale Battery Storage Project Reaches ...

This BESS project is the first initiative under Egypt's accelerated 4GW Emergency Renewable Energy Program, aimed at addressing rising electricity demand and reducing ...

## AMEA Power Successfully Commissions ...

The commissioning of this BESS project marks AMEA Power's first utility-scale

storage project in North Africa, reinforcing the company's ...

---

### AMEA Power picks Trinasolar to supply BESS ...

AMEA Power will collaborate with Trinasolar and Energy China ZTPC to install battery storage at a 500MW solar PV plant in ...

---

### IFC and AMEA Power Launch Egypt's First Battery Energy Storage ...

IFC today announced an investment to support Egypt's first utility-scale battery energy storage system (BESS), deepening its partnership with AMEA Power, a leading ...
