

BLINK SOLAR

Energy storage container manufacturer in Auckland New Zealand

Voltage range

636V-876V

Rated voltage

768V

Cell type

Lithium iron phosphate

Overview

Where can I rely on a containerised energy storage solution?

Today, we are also a name you can rely on for safe battery storage. Our containerised energy storage solutions are available as 10ft and 20ft high cubes and stand almost 3m tall, they can be deployed all over New Zealand and further afield (we have a footprint in 90+ countries).

Who can use our rentable battery storage containers?

Private individuals and businesses can use our rentable battery storage containers in any setting where they can physically be installed. Benefits include: Energy independence: break free from the grid and power your home or workplace with clean, reliable energy that you control.

What is Aggreko battery storage?

Aggreko offers plug-and-play commercial battery storage systems that optimise energy use, improve efficiency, and reduce emissions. Our smart battery storage solutions integrate with renewable energy sources, helping businesses manage energy use more effectively and reduce their carbon footprint.

What is a scalable solar energy storage system?

With scalable solar energy storage systems that cut costs, boost resilience, and gives farms and businesses full control over your energy use. Ernest Energy provides turnkey solar and battery energy storage systems (BESS) tailored for New Zealand's commercial and agricultural sectors.

Energy storage container manufacturer in Auckland New Zealand

Industrial Battery Energy Storage Solutions , Aggreko NZ

24/7 Battery Storage Service, Risk-Free Plug & Play Industrial Battery Energy Storage Systems Flexible Contracts Modular and Scalable Battery Energy Storage Here at Aggreko, we understand that every business in New Zealand has different needs and requirements - which can also change at the drop of a hat. Which is why our battery storage units are mobile, modular and scalable to match those changing needs. Single units can be easily combined into an integrated energy storage system to deliver the power See more on aggreko.titancontainers.nz
