# **French 30W solar street light**

## Overview

---

How many solar streetlights are there in France?

In less than three years, Senegal has achieved this challenge: 120,000 solar streetlights now illuminate 528 municipalities in Northern France, Lille powers its energy transition with solar street lighting. In Lille, 160 solar streetlights are powering the energy transition with no cables, no bills, and no emissions.

Which solar streetlamps guarantee 365 Nights of lighting per year?

Thanks to the unique Power 365 technology, developed by Fonroche Lighting, these "Made in France" solar streetlamps are the only ones to guarantee 365 nights of lighting per year. These smart and programmable lights are equipped with a NiMH storage system that can resist all temperatures and has a full 5-year guarantee.

How many solar street lights are installed in Senegalese?

With more than 120,000 solar street lamps installed, we serve the needs of communities and businesses around the world. On 26 February 2022, the Senegalese Minister for Finance and the Budget signed a contract with Fonroche Lighting to supply and install 67,000 solar streetlights.

Who are solar street lamps?

Based in Agen, in the south-west of France, we design, develop, manufacture and install autonomous solar street lamps for illuminating all types of urban and road infrastructures. With more than 120,000 solar street lamps installed, we serve the needs of communities and businesses around the world.
