Generator switchgear for sale in London

Overview

Who are generators London?

At Generators London, we are dedicated to providing exceptional sales, servicing, and installation of generators, expertly tailored to meet the specific power requirements of your home or business. Our mission is to optimize the performance and extend the lifespan of your generators, ensuring they deliver dependable power when you need it most.

Who provides generator service & switchgear maintenance?

Generator Servicing & Switchgear Maintenance. The UK's most trusted provider of back-up energy, Burtonwood Group.

How does a generator switch work?

You can also use this system as a manual transfer switch. This generator switchgear prompts the generator to start up when utility power fails, and makes the switch within a timeframe of 30 seconds. The MTS panel on this generator changeover switchgear also monitors the stability of utility power before reverting the load.

What is a motorised switch?

Motorised switch's with centre off position, to enable automatic selection of 2 different supplies; most commonly a mains supply and a back-up generator supply.
