High quality 5kw solar system in Johannesburg

Overview

How much does a 5kw Solar System cost in Gauteng?

5kW solar system installation prices in Gauteng vary widely based on components and configurations. In 2026, costs range from R90,000 to R190,000. This depends on system quality, setup, and installation complexity. The total cost for a reliable 5kW solar system depends on your loadshedding needs. It also hinges on your long-term energy goals.

How much does a 5kW power system cost in Johannesburg?

A complete 5kw setup typically costs between R70,000 and R140,000. This price varies based on component quality and installation needs. Most Johannesburg residents prefer adding battery backup. With battery backup, the budget range is R110,000 to R190,000 for a full system.
