High quality replacing a breaker for sale Price

Overview

How much does it cost to replace a breaker switch?

The cost to replace a breaker switch for a circuit, including components and installation, can be as much as \$200. Each breaker switch, especially the bigger 20-amp ones, costs between \$10 and \$20. The more common 15-to-20-amp switches typically cost between \$5 and \$15.

Where can I get a replacement breaker?

To get a replacement Bryant Type BRD BR 15-15 CU-AL SWD circuit breaker, find an Electrical Supplier in your area. If you are in a remote location and the nearest supplier is more than an hour away, consider getting a replacement through a local Electrician. Note that Bryant is now replaced with Cutler Hammer products, so a Cutler Hammer/Eaton reseller would be more than happy to help you.

How much does a fuse box to breaker conversion cost?

Typical Costs: The fuse box to breaker conversion cost can range from \$1,000 to \$3,000, sometimes more if extensive rewiring is needed. This conversion offers better circuit protection, easier management of circuits, and often increased capacity for modern electrical demands.

Which breaker is more expensive?

They are also a more advanced and costly type of breaker. High-Amperage Breakers: Breakers with higher amperage ratings (e.g., 30A, 50A) needed for larger appliances will naturally cost more than lower-amperage breakers.
