Himel circuit breaker factory in Slovakia

Overview

Where is Himel located?

HIMEL is a medium-sized company with a main production site in Melchingen, Swabia, south of Stuttgart. It has been operating on the international agricultural technology market for 70 years and employs around 200 people worldwide.

How does Himel operate?

Himel works in project-based working groups at networked CAD and CIM workstations. The team of motivated and technically competent employees makes Himel not only a manufacturer of feed preparation systems, but also a competent partner for all aspects of feeding technology.

Who runs Himel?

The traditional family business has been run by the sons of the company founder, Werner and Martin Hirlinger, since 1999. With the handover of the company, two competent and committed successors have taken the helm, who will continue to consolidate HIMEL's position on the international market in the new millennium.

How is Himel certified?

HIMEL's product quality is certified according to DIN EN ISO 9001 and 14001, ensuring consistent quality and environmental management. Additionally, HIMEL products have been proven through practical tests in trade journals, TÜV tests, DLG tests, and the CE mark.
