# **Huawei Avaru solar container battery brand**

## Overview

---

What is Huawei's new solar storage solution?

Huawei says its new, all-in-one storage solution for residential PV comes in three versions with one, two, or three battery modules, offering 6.9 kWh to 20.7 kWh of usable energy. Huawei has unveiled a new storage solution for rooftop PV systems.

Which solar storage system should I use with a Huawei inverter?

The perfect solar storage solution to couple with any Huawei inverter, the Huawei LUNA is here. Built as an adaptable and modular storage system, the Huawei LUNA has the unique benefit of being able to scale to fit your home's energy needs.

Which battery should I use with a Huawei inverter?

Huawei batteries are the perfect choice to pair with any Huawei inverter. The Huawei LUNA battery stands out amongst its peers for its efficiency and optimal levels of production and power retention. If you are looking for a high-quality solar energy storage system, then it's just a fact that you should be considering Huawei.

Is Huawei launching a solar battery in 2021?

In 2021 Huawei has entered the residential solar battery market with their Luna2000 battery. The battery's lithium-iron phosphate cells have a modular design and can be scaled from 5kWh to 30kWh.
