Huawei Tokyo Glass solar Power Generation

Overview

Did Huawei participate in Japan international Smart Energy Week 2025?

[Tokyo, Japan, Febru] – Huawei Digital Power participated in the Japan International Smart Energy Week, which was held at Tokyo Big Sight from February 19th to 21st, 2025.

What is Huawei digital power?

Huawei Digital Power showcased cutting-edge energy solutions at two prominent venues: the Japan International Battery Expo (Battery Japan) and the Japan International Photovoltaic Expo (PV EXPO).

What are Huawei energy storage systems?

In the rapidly growing large-scale energy storage industry, Huawei's energy storage systems have earned widespread recognition in the Japanese market. Huawei is introducing the next-generation LUNA2000-4472-2S and LUNA2000-4.5MWh battery energy storage systems, both offering higher energy density through the latest liquid cooling technology.

What are Huawei's new energy storage solutions?

As global carbon neutrality goals continue to progress, the solar-storage industry is facing unprecedented opportunities. Huawei has introduced its latest energy storage solutions, including the LUNA2000-21-NHS1 for residential use, the LUNA2000-215-2S10 for C&I applications, and the LUNA2000-4472-2S for utility-scale storage.
