Huawei makes battery packs in Barcelona Spain

Overview

Why is Spain a key player in Europe's Lithium-ion battery industry?

Spain is emerging as a key player in Europe's lithium-ion battery industry, driven by the growing demand for electric vehicles (EVs), renewable energy storage, and industrial applications. With a focus on innovation, sustainability, and customization, Spanish manufacturers are contributing to the global energy transition.

What are the top 10 lithium-ion battery manufacturers in Spain?

Discover the top 10 lithium-ion battery manufacturers in Spain for 2025, including Tritex, Basquevolt, Cegasa, and more. Compare key products, certifications, pros, cons.

Will Spain's lithium-ion battery sector grow in 2025?

Recent News: In 2025, SAFT focused on low-carbon economy contributions, with 40 patents granted and €1.3 billion in sales. Spain's lithium-ion battery sector is poised for significant growth in 2025 and beyond, fueled by EU green initiatives, investments in gigafactories, and a push towards sustainable energy solutions.

What will Huawei do at MWC?

At MWC, Huawei will join with stakeholders working across different sectors to explore how we can — together — unlock new growth opportunities, create new business value, and drive shared success in the age of All Intelligence.
