

BLINK SOLAR

Hybrid power inverter factory in Johannesburg

Overview

What is a hybrid solar inverter?

Hybrid Solar Inverters is a device that manages the power flow from solar panels, a battery storage system, and the grid . It converts the direct current (DC) generated by solar panels into alternating current (AC) for home or business use, while also directing excess energy to charge the batteries or feed into the grid (Bi-Directional).

Are 5kW inverters a good choice in Johannesburg?
