

**BLINK SOLAR**

# **Kingston solar container battery Project**

## Overview

---

The Tennessee Valley Authority (TVA) has officially announced a request for proposals (RFP) for a substantial utility-scale battery energy storage system (BESS) at the Kingston Energy Complex, situated in Roane County, Tennessee. What is the Kingston solar project?

The Kingston Solar Project is a 100 MW solar facility located in the City of Kingston and Loyalist Township. The facility is one of the largest solar projects in North America.

What is Canada's largest solar farm?

One of Canada's largest solar farm generates 100 MW of renewable energy, enough to power 17,000 households. In collaboration with H.B. White Canada Corp., CIMA+ developed a 100 MWAC photovoltaic project located near Kingston, Ontario.

What is a 100 MWAC photovoltaic project?

In collaboration with H.B. White Canada Corp., CIMA+ developed a 100 MWAC photovoltaic project located near Kingston, Ontario. The facility has six non-contiguous zones with over 464,000 DC photovoltaic panels connected to 125 inverters, and 66 step-up transformers connected to the medium voltage collector.
