Which countries install solar panels in Luxembourg?

France, Germany, Luxembourg, . Belgium, France, Luxembourg, . List of Luxembourg solar panel installers - showing companies in Luxembourg that undertake solar panel installation, including rooftop and standalone solar systems.

What is Luxembourg's energy system like?

Luxembourg's energy system is characterised by high import dependence and reliance on fossil fuels. In 2018, 95% of its energy supply (100% of oil, natural gas and biofuels and 86% of electricity) were imported. It had the fourth-highest share of fossil fuels in TPES (78%) and the highest share of oil in TPES (60%) among IEA member countries.

Why should you choose a solar & thermal renovation company in Luxembourg?

Our integrated solutions help homeowners and businesses in Luxembourg reduce energy bills, increase property value, and achieve long-term sustainability. We guide you through every step - from design to installation - and assist with subsidies and tax incentives, making your switch to solar and thermal renovation smooth and affordable.
