

BLINK SOLAR

Luxembourg solar glass manufacturer

Overview

Where is Guardian float glass made?

Inside our plant in Bascharage, Luxembourg Bascharage, Luxembourg, was chosen as the site for Guardian's first float glass factory outside the US. In 1981, the strategic location opened doors to key regions, and the compact size of Luxembourg allowed for a focused approach on Europe. Today, Guardian continues to lead in innovation.

Who is solarcells?

SolarCells is the first producer of photovoltaic panels in Luxembourg, located in Hollerich. We manufacture high-quality panels using European components, certified with IEC standards, offering yields exceeding 400 Wc.

Which float glass is best for solar applications?

Arsenic- and antimony-free extra clear float glass for solar applications. SunMax Premium is exclusively produced in a float glass process. The industrial float glass process adheres to very strict production tolerances and guarantees the lowest possible defect density. Read more about some of our recent selected finished success stories.
