# Mali New Energy solar Panel Company

## Overview

---

How will Mali diversify its energy sources?

Mali is pursuing its ambition to diversify its energy sources by turning to solar power. On , the President of the Transition, Assimi Goïta, inaugurated the Safo solar power plant in the Koulikoro region. The 100MWp plant will be built on a 228-hectare site and equipped with monocrystalline silicon photovoltaic panels.

Why is Mali building a 100 MWp solar power plant in Safo?

The Malian government has launched the construction of a 100 MWp solar power plant in Safo, in partnership with China, to address electricity shortages. Mali is pursuing its ambition to diversify its energy sources by turning to solar power.

What is Kaba solar?

TO Kaba Solar: Illuminating Mali's Future! At Kaba Solar, we're on a mission to accelerate the adoption of solar energy in Mali. Our top-of-the-line solar equipment and expert installation services allow you to embrace clean, sustainable, and cost-effective solar power, while contributing to a greener planet.

## Mali New Energy solar Panel Company

---
