MiGe solar Panels

Overview

What products does Mage Solar offer?

Mage Solar offers both monocrystalline and polycrystalline solar panels. For example, they provide the Mage Powertec Plus 170/5 MJ 170 Watt and Mage Powertex 6 PT series. Additionally, Mage Solar AG manufactures inverters, mounting systems, solar batteries, and carries out entire plant design.

Who is Mage Solar?

We developed our one-of-a-kind marketplace with funding from the U.S. Department of Energy to make clean home energy solutions affordable and accessible to all. Read reviews for MAGE SOLAR, Inc., a Solar PV company since 2009 based in Alpharetta, GA.

When was Mage Solar converted into Mage Solar AG?

In 2011, the GmbH was converted into Mage Solar AG, which was listed on the stock exchange. Mage Solar GmbH was founded in 2007 and is based in the city of Ravensburg in Germany. Since 2013, the operating business has been carried out by Mage Solar GmbH, which belongs to the Schulz Group GmbH.

What makes Mage Powertec® plus solar modules special?

Due to their engineered hollow section frame and 3.2 mm (0.13 in) special solar glass, MAGE POWERTEC® PLUS modules meet maximum demands with regard to stability and corrosion resistance. The high-quality EVA foil allows ideal embedding of the solar cells, while the weatherproof foil on the back of the modules protects against humidity.
