# **New Delhi Power Battery Energy Storage**

## Overview

---

What is India's largest battery-inverter power system?

Minister Sood called the project a “historic milestone” for both Delhi and India’s energy sector, setting a new benchmark in regulatory and technological progress. Developed with support from IndiGrid, GEAPP, and TERI, the system is described as South Asia’s largest standalone battery-inverter power setup.

Which energy storage solutions provider has commissioned BSES Rajdhani kilokari substation?

AmpereHour Energy, a full-stack energy storage solutions provider, in consortium with Indigrid, has commissioned BSES Rajdhani Power Ltd’s (BRPL) 20 MW/40 MWh battery energy storage system (BESS) project at the BSES Rajdhani Kilokari Substation in Delhi.

What is India's first utility-scale energy storage installation?

The project, inaugurated by Delhi Power Minister Ashish Sood, is hailed as India’s first commercially approved utility-scale energy storage installation. Installed at the.

What is a 20 mw/40 MWh battery energy storage system?

The 20 MW/40 MWh utility-scale standalone battery energy storage system is designed to seamlessly integrate renewable energy into the distribution-level grid system, facilitate grid stabilization, manage peak power demand, and address various ancillary needs, stated IndiGrid.
