Overview

Why should you choose hazero battery storage cabinets?

At Hazero, we specialise in keeping Kiwis safer at work, and Lithium-ion battery storage has been high on our agenda. Our range of NZ designed and assembled storage cabinets are designed to protect your workplace and minimise the risk of faulty lithium-ion batteries igniting and causing serious damage to premises, equipment and people!.

How can hazero protect your business from lithium-ion battery fires?

Protect your business from lithium-ion battery fires with Hazero's NZ-designed safety cabinets. Fire-resistant, lockable, and customisable for charging and safe storage.

What is a lithium ion battery cabinet?

For larger businesses, this Lithium-ion battery cabinet makes the most of the clever double-wall, sheet steel design, which provides a thermal air defence to slow the advance of any battery fire. Extra space inside gives more storage options for larger batteries (think scooters, e-bikes etc) as well as the charging equ.

Why do you need a lithium-ion battery charging cabinet?

A dedicated lithium-ion battery charging cabinet provides fire-resistant containment, proper ventilation, and emergency isolation that ordinary storage cabinets can't. Proper storage demonstrates your commitment to creating a safe work environment and protects you from liability.

New Zealand battery storage cabinet manufacturer
