# New energy storage developed in western Georgia

## Overview

---

Who sanctioned battery energy storage systems in Georgia?

The systems are sanctioned by the Georgia Public Service Commission through the Integrated Resource Plan. Credit: Georgia Power. US-based electric utility Georgia Power has commenced construction of new battery energy storage systems (BESS) across the state of Georgia, totalling 765MW capacity.

What is Georgia Power's 530-megawatt battery storage system?

Georgia Power breaks ground at the McGrau Ford Battery Facility in Cherokee County on Ap. This 530-megawatt battery energy storage system will consist of two phases, approved in the 2022 Integrated Resource Plan (IRP) and 2023 IRP Update. Courtesy: Georgia Power.

Where is Georgia Power's first grid-connected Bess system located?

In February 2024, Georgia Power installed its first grid-connected BESS, the Mossy Branch Energy Facility, a 65 MW system on a couple of acres of rural countryside in Talbot County, north of Columbus, GA. It was approved as part of Georgia Power's 2019 IRP.

Is Georgia Power a source of emission-free energy?

Georgia Power's fleet of hydroelectric generating units is another source of emission-free energy, with some units serving the state of Georgia for more than 100 years.

## New energy storage developed in western Georgia

---

### Construction underway on 765 MW of new battery energy storage ...

In total, 765 megawatts (MW) worth of new BESS will be strategically located across Georgia in Bibb, Lowndes, Floyd, and Cherokee counties.

---

### Georgia Power advances battery storage projects across Georgia

US-based electric utility Georgia Power has commenced construction of new battery energy storage systems (BESS) across the state of Georgia, totalling 765MW capacity. ...

### Georgia Power Begins Construction on 765 MW of Battery Storage ...

Georgia Power has commenced construction on 765 megawatts (MW) of new battery energy storage systems (BESS) across four counties in Georgia, aiming to significantly ...

## Peach State power play: Georgia's blueprint ...

Driven by economic growth and evolving grid requirements, Georgia's energy storage sector presents an opportunity worth ...

## New energy storage developed in western Georgia

About New energy storage developed in western Georgia video introduction Our solar industry solutions encompass a wide range of applications from residential rooftop installations to large ...

## Georgia Scales Up Battery Storage to Support Energy Grid

From coal plant conversions to solar co-location, Georgia Power's battery storage strategy highlights the evolving role of storage in utility-scale energy planning.

### LIQUID COOLING ENERGY STORAGE SYSTEM

EMS real-time monitoring  
No container design  
flexible site layout

Cycle Life  
**≥ 8000**

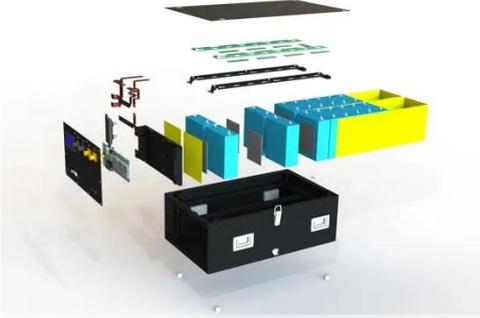

Nominal Energy  
**200kwh**

IP Grade  
**IP55**

## Construction Now Underway on 765 MW of New Battery Energy ...

Georgia Power announced today that construction is underway on

765-megawatts (MW) of new battery energy storage systems (BESS) strategically located across Georgia in ...

### Peach State power play: Georgia's blueprint for grid-scale energy storage

Driven by economic growth and evolving grid requirements, Georgia's energy storage sector presents an opportunity worth evaluating. For developers, financiers, and the ...

### Utility company announces next-gen facilities capable of ...

Georgia Power recently announced that construction is underway for four new battery energy storage systems in strategic counties across the state to support energy ...

### Here's Where Georgia Is Installing 500 MW of New Battery Energy Storage

Georgia Power's Mossy Branch battery

energy storage system in Talbot County, Georgia (courtesy: Georgia Power) In a continued effort to limit its use of fossil fuels to mitigate ...

### 12.8V 200Ah

### Utility company announces next-gen facilities ...

Georgia Power recently announced that construction is underway for four new battery energy storage systems in strategic ...

### Georgia Power Starts Construction on ...

Georgia Power has broken ground on new battery energy storage systems (BESS) totaling 765MW across the state of Georgia, ...

### Georgia Power Starts Construction on 765MW Battery Storage ...

Georgia Power has broken ground on new battery energy storage systems

(BESS) totaling 765MW across the state of Georgia, marking a major milestone in the utility's ...

---

## Georgia Power advances battery storage ...

US-based electric utility Georgia Power has commenced construction of new battery energy storage systems (BESS) across the ...

Energy storage(KWH)

**102.4kWh**

Nominal voltage(Vdc)

**512V**

Outdoor All-in-one ESS cabinet
