

## BLINK SOLAR

# New energy storage project in Sweden

### HEAT DISSIPATION

Cold aisle containment,  
making optimal refrigeration effect;

## Overview

---

14 large-scale battery storage systems (BESS) have come online in Sweden to deploy 211 MW / 211 MWh into the region. When will a battery energy storage system (BESS) project start in Sweden?

Located in Eskilstuna Municipality, the battery energy storage system (BESS) project is fully permitted and construction works are set to start in June 2025. It marks Monsson's initial implementation of its own BESS solution in Sweden, where it has mostly been present through wind farm operation and maintenance services.

How many large battery storage systems are deploying in Sweden?

Fourteen large battery storage systems (BESS) have come online in Sweden, deploying 211 MW/211 MWh for the region. Developer and optimiser Ingrid Capacity and storage owner-operator BW ESS have been working together to deliver 14 large BESS projects across the Swedish grid in tariff zones SE3 and SE4.

How many energy storage facilities are there in Sweden?

The opening ceremony for one of the 14 facilities was held in Eskilstuna. The Role of Energy Storage in the Energy Transition Since 2023, Ingrid Capacity and BW ESS have been working together on 14 large-scale energy storage projects strategically located within Sweden's electricity grid in price zones SE3 and SE4.

What is Sweden's largest energy storage investment?

Sweden's largest energy storage investment, totaling 211 MW, goes live, combining 14 sites. 14 large-scale battery storage systems (BESS) have come online in Sweden to deploy 211 MW / 211 MWh into the region.

## New energy storage project in Sweden

---

### Monsson snaps up 60-MWh battery project in ...

Located in Eskilstuna Municipality, the battery energy storage system (BESS) project is fully permitted and construction works are set to ...

### Sweden switches on largest battery energy storage system in ...

But neither were built and energized by the time RES switched on the Elektra Energy Storage Project, a 20 MW / 20 MWh project, called Sweden's largest battery storage ...

### SEK 20 billion to capture and store over 11 ...

We have about 15 billion SEK left to allocate," says Martin Flack, Acting Head of the Resource-Efficient Society Department at the ...

## RES Successfully Closes Sale of 70MW BESS Project

Gothenburg, 27 February 2025 - RES, the world's largest independent renewable energy company, has successfully completed the sale of a fully ready-to-build 70MW/160MWh battery ...

## BW ESS and Ingrid Capacity Inaugurate the Largest Battery Storage

Sweden's Minister for Climate and the Environment Romina Pourmokhtari has inaugurated the largest unified battery storage portfolio in the Nordics, a pioneering initiative ...

## Mine Storage Project in Sweden Secures EU Grant , InnoEnergy

Following the initial announcement in October 2024 that Mine Storage had been selected for a sizable grant from the EU Innovation Fund, the agreement has now been ...

## The Largest Energy Storage Portfolio in the Nordic Countries ...

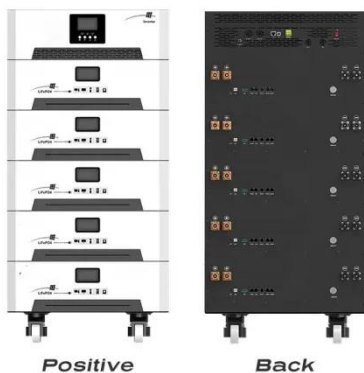

Romina Pourmokhtari, Sweden's Minister for Climate and Environment, officially inaugurated the largest energy storage park in the Nordic region. The initiative, led by Ingrid ...
